REPLY TO OFFICE ACTION

Sir:

This paper is responsive to the outstanding Office action mailed on the date shown above (the "Office Action") and Notice of Non-Compliant Amendment mailed on July 25, 2007 (the "Notice"). The Office Action set a shortened statutory period of three months for reply. Applicant previously filed a Reply to the Office Action, but, according to the Notice, the Reply was unsigned and the drawings were not properly identified in accordance with 37 C.F.R. § 1.121(d); Applicant

has also petitioned for a one month extension of time and paid the appropriate fee for the previously-requested time extension. The Notice gave Applicant a one month time period for Reply. The present Reply is being filed within this period together with a set for formal drawings marked in accordance with 37 C.F.R. § 1.121(d). The present Reply and the attached drawings are therefore timely. If the undersigned attorney is mistaken regarding timeliness, Applicant conditionally petitions for an additional extension of time, as needed, and authorization is granted to charge the required time extension fee for filing the present Reply and Drawings to Deposit Account Number 50-3196. Authorization is also granted to charge additional claim fees, if any, and all other fees necessary to file this Reply and Drawings, to the same Deposit Account.

Amendments to the claims are reflected in the listing of claims that begins on page 3 of this paper.

Remarks begin on page 9 of this paper.
